

# LOS NÚMEROS

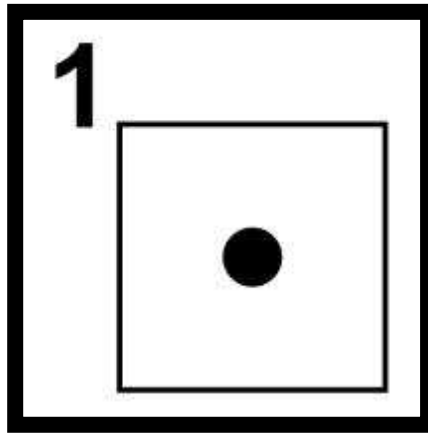

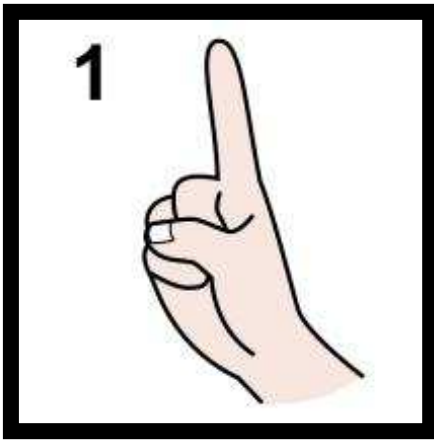

Para realizar este material usamos un formato de tamaño A3 donde colocamos en la primera columna de forma fija los símbolos indicados con la mano, luego con rotulador señalamos tres cuadrados donde tendrán que poner el número "uno" con el punto, la grafía del número "uno" en negrita, y la grafía de la palabra "uno" en negrita, en la última columna y de forma fija aparecerá la palabra uno pero esta vez dejando el fondo en blanco y esta columna también será fija, plastificamos y quedaría algo así:

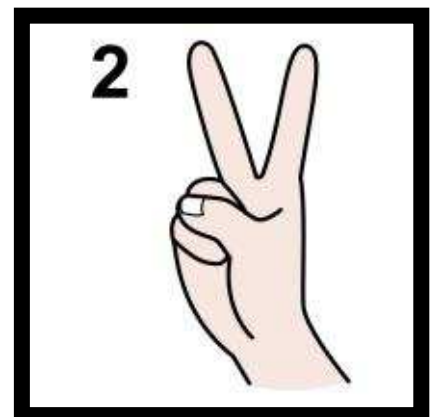

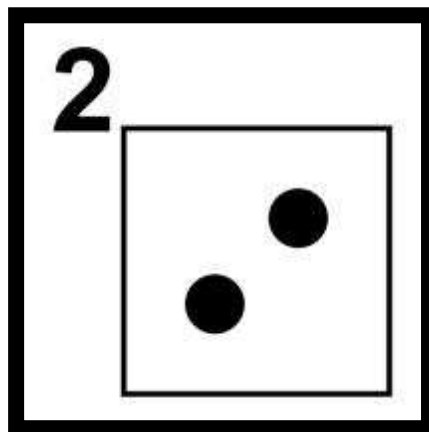

En los espacios en blanco se coloca velcro, el resto de tarjetas se recortan plastifican y se les pone velcro también, y la tarea consistiría en que el niño complete la tabla. Asociando cantidad, grafía y palabra, y en la última columna que aparece la palabra en blanco deberían escribirla encima dentro de las letras que ya hay con un rotulador de los que posteriormente se borran.

Para otros niños con un nivel más bajo se comienza realizando emparejamientos simples, tal y como aparecen en las páginas finales, para ello se haría doble copia del material, una para ponerla debajo como emparejamiento y la otra para recortar, plastificar y posteriormente colocar encima.

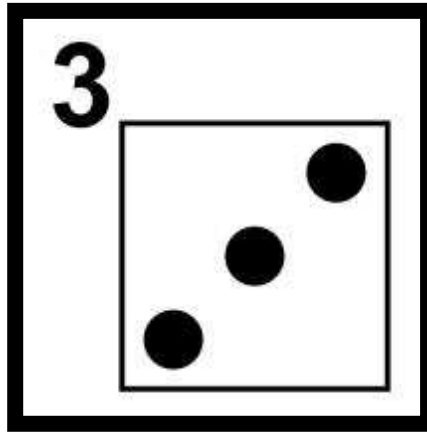

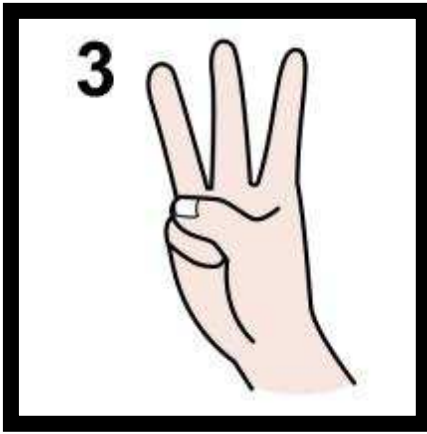

**UNO**

UNO

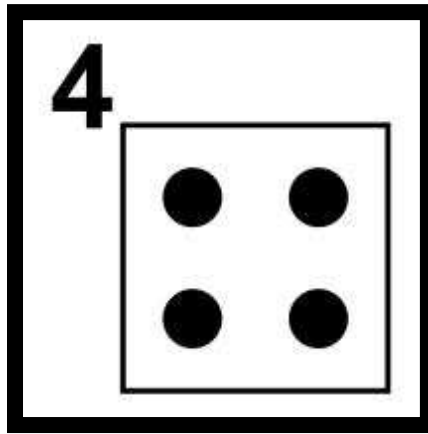

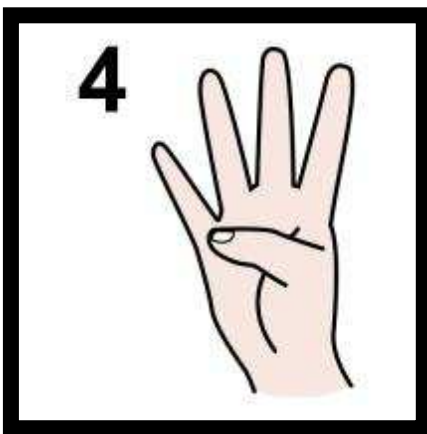

**DOS**

DOS

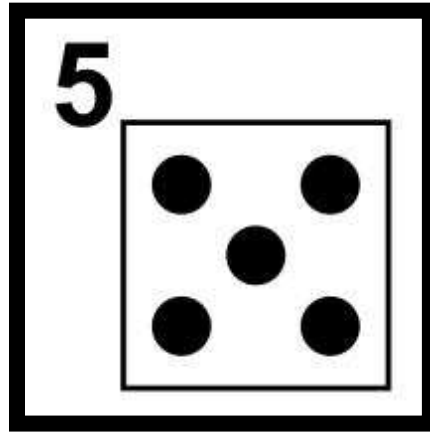

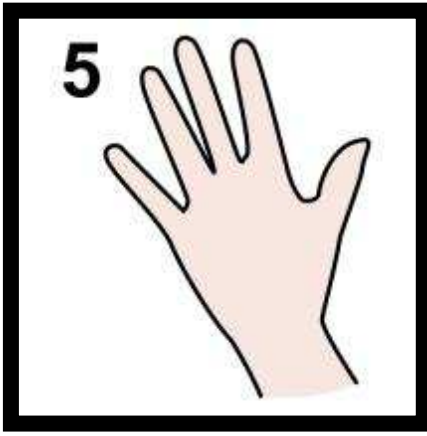

**TRES**

TRES

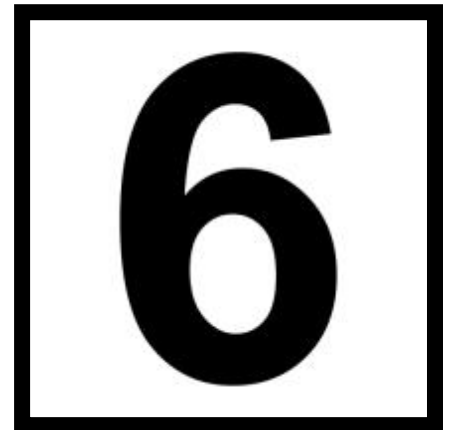

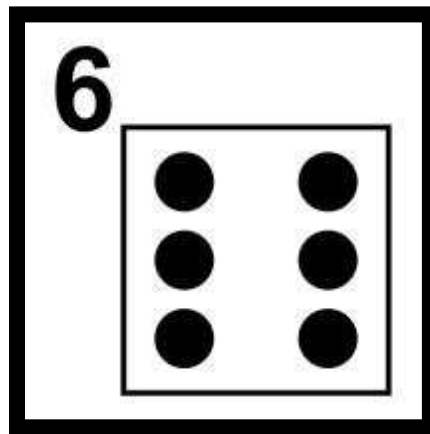

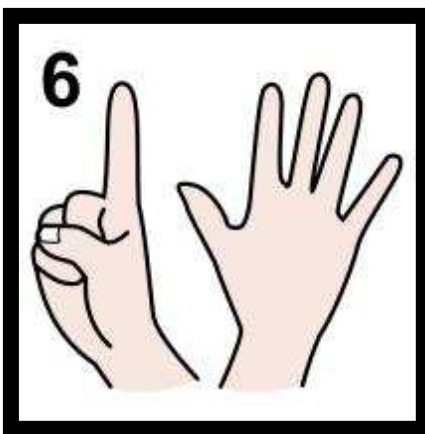

**CUATRO**

CUATRO

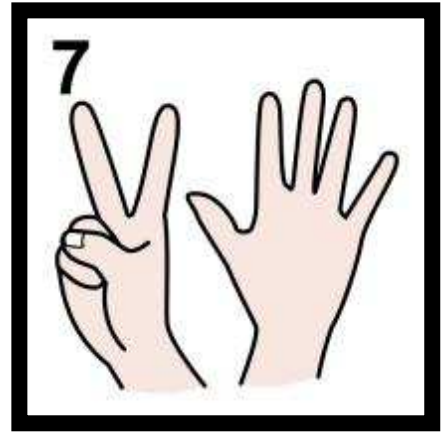

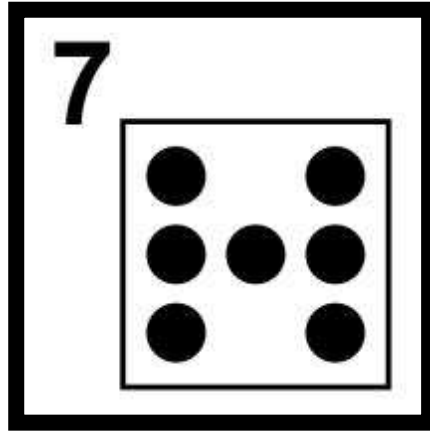

**CINCO**

CINCO

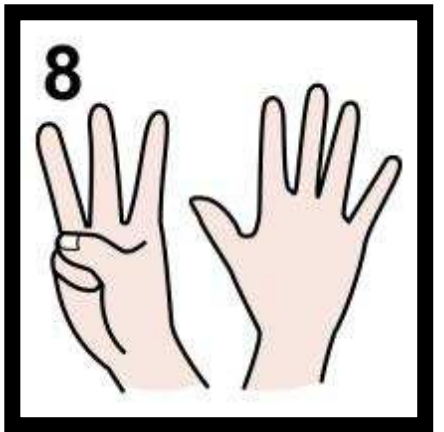

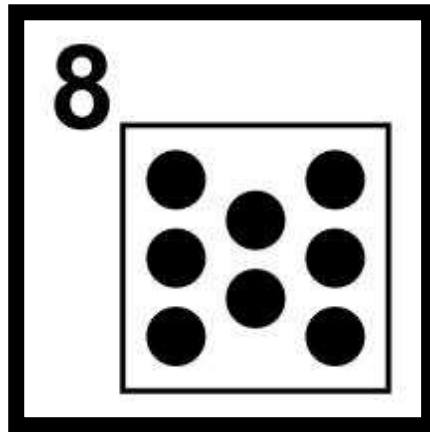

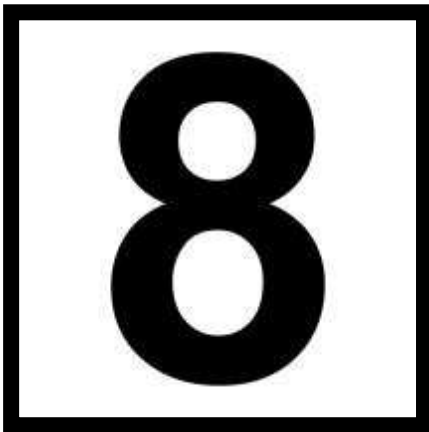

**SEIS**

SEIS

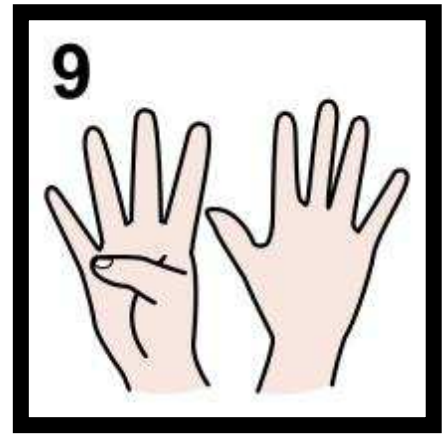

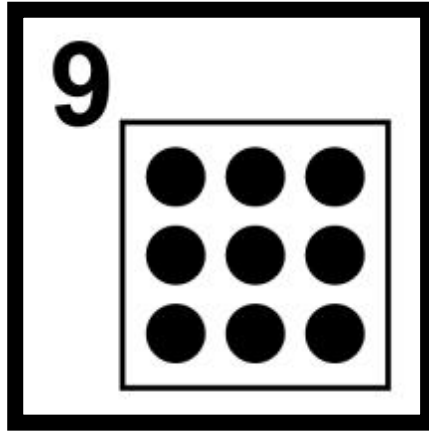

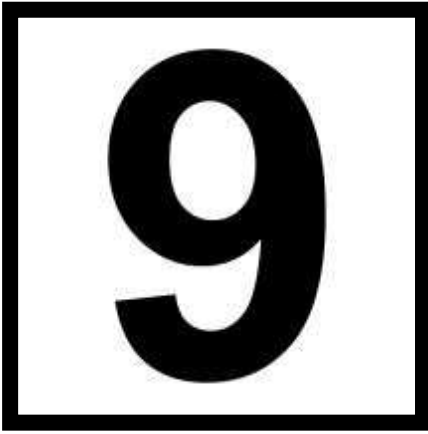

**SIETE**

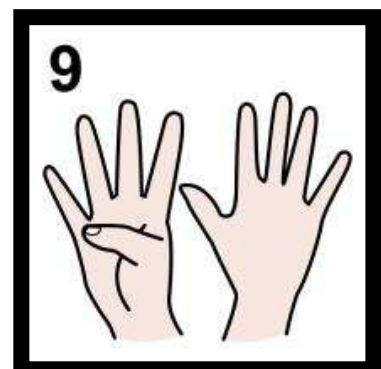

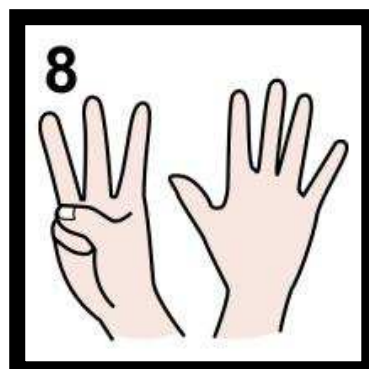

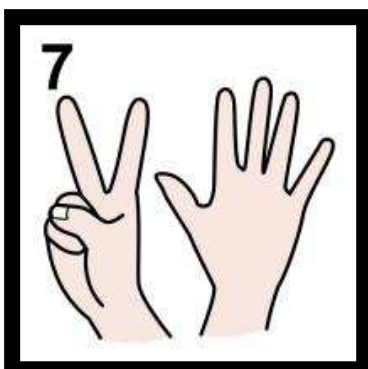

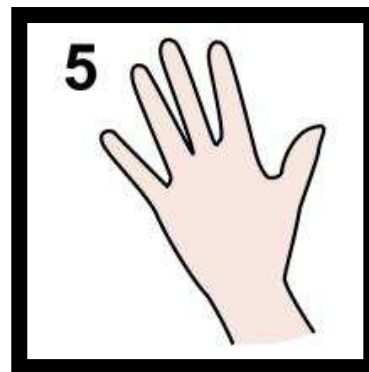

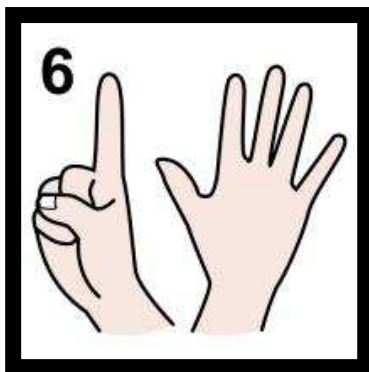

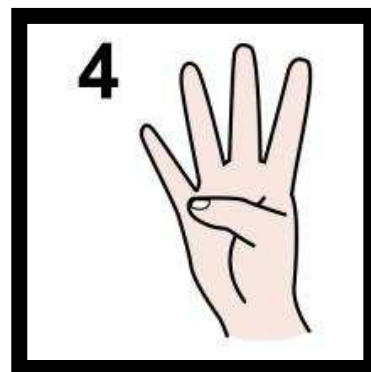

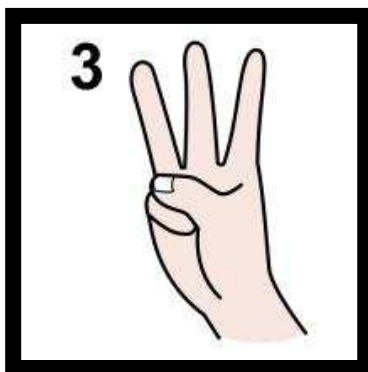

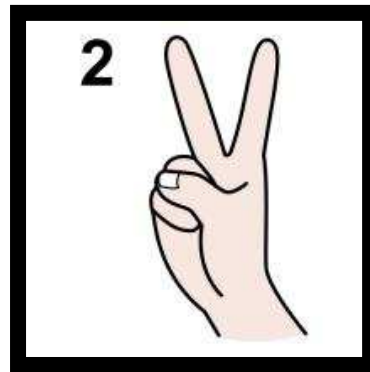

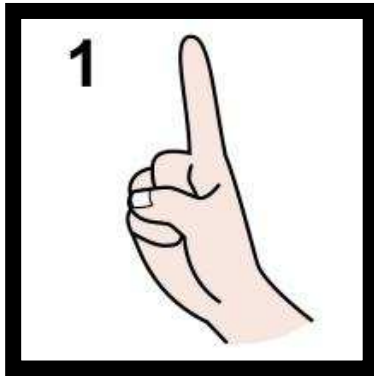

SIETE

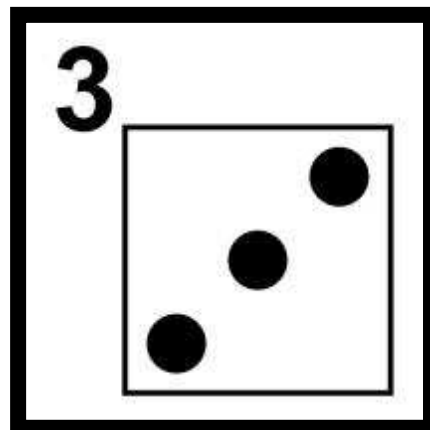

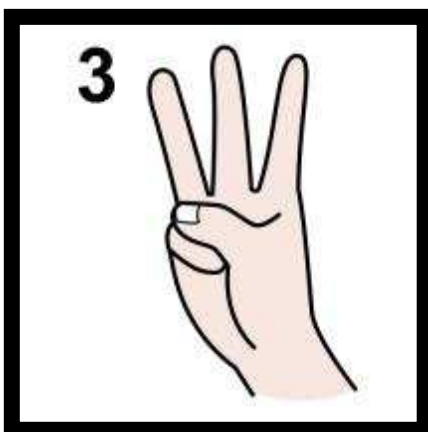

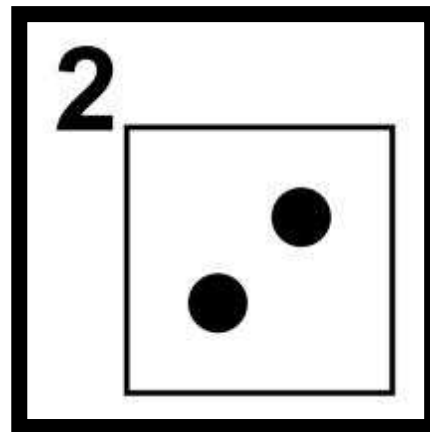

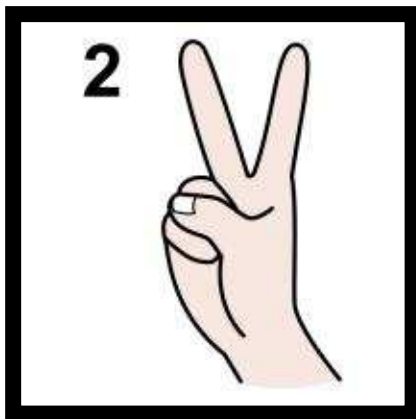

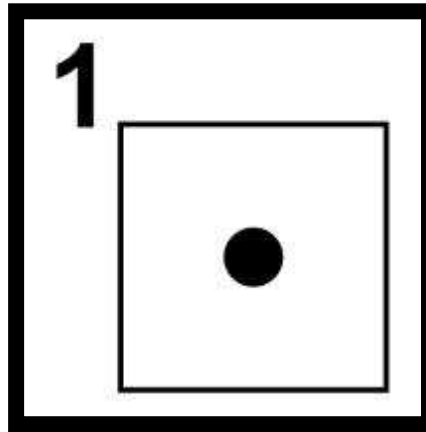

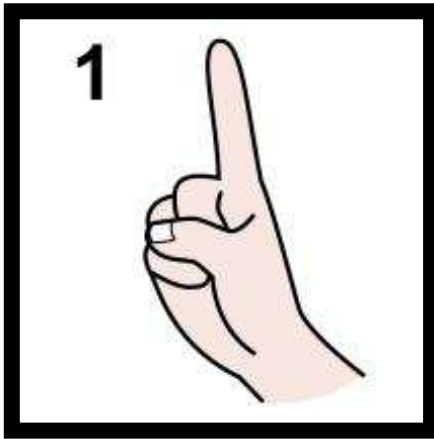

**OCHO**

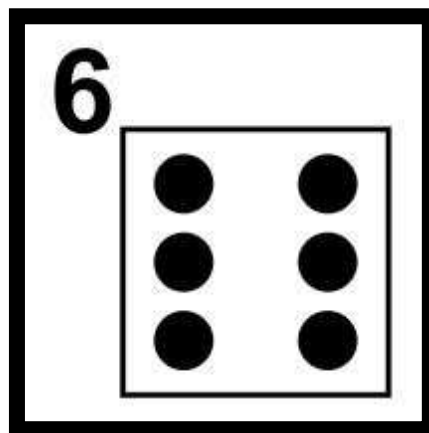

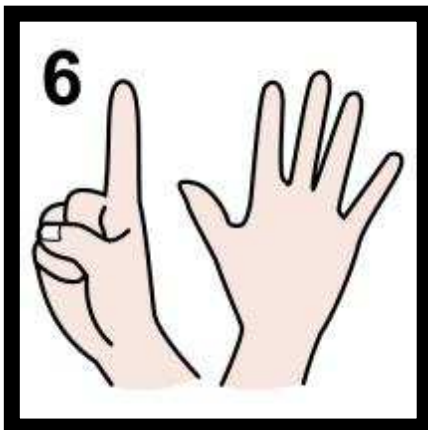

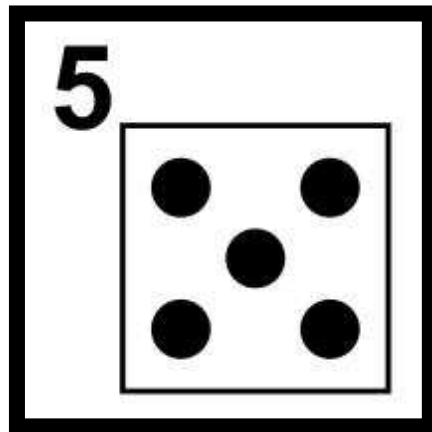

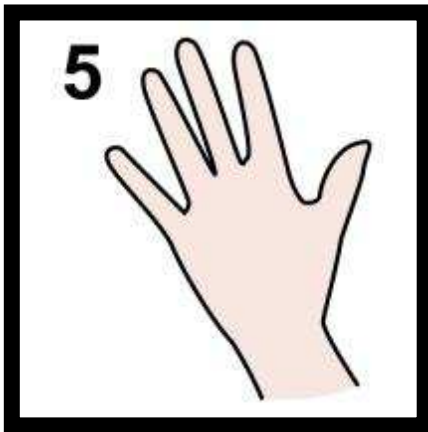

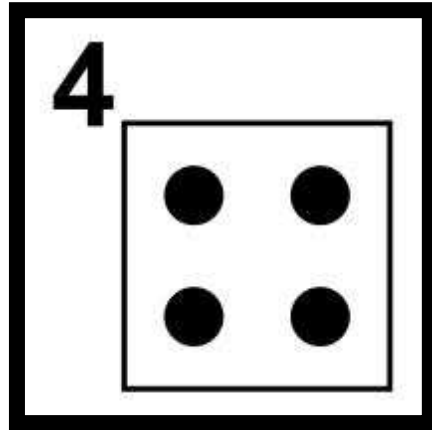

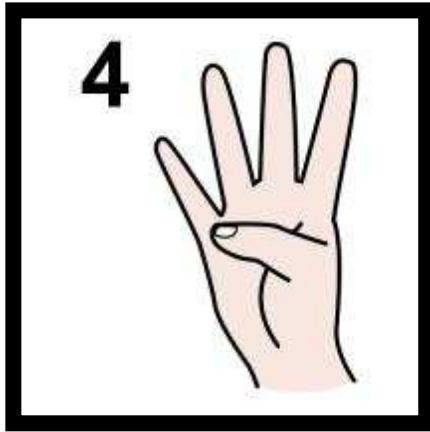

OCHO
